Heartiest Congratulations to all..., Yet another proud moment of achievement of historic milestone in the Hydro sector of the nation.

SJVN's flagship and India's largest underground 1500 MW Nathpa Jhakri Hydro Power Station crossed **100 Billion Units of electricity** generation today, within just fifteen & half years of commencement of generation in the year 2003.

The Project has been developed with invaluable contributions and sacrifices of numerous unsung heroes, who valiantly fought with harsh & unpredictable Himalayan Geology, in the most challenging climatic conditions against the untamed fury of River Satluj. The Operation & Maintenance team of the project is doing an excellent job in running the project in smooth and efficient manner. On this momentous occasion, I extend my salutations to all those individuals who have been associated, directly or indirectly, with this project and it is primarily their efforts, that SJVN is today commemorating this magnificent achievement. My special commendations to all the employees, present as well as past, who have been associated with the project since its inception and working till date.

I also take this opportunity to thank all the stakeholders i.e. Government of India, Government of Himachal Pradesh, Project Affected Families and all the beneficiary states, who solidly stood with us, in times of thick & thin.

On this occasion, I express my sincere gratitude to the World Bank with whose association, financial as well as technical, the project was executed.

The generation of **100 Billion Units** by our project is a Golden Letter Day, not only for SJVN, but also for hydro power generating fraternity of our country. This magnificent achievement of SJVN, has established a benchmark for the entire industry, for times to come.

On this momentous occasion let us all strengthen our resolve to take a leap forward in achieving our shared vision of achieving 5000 MW by 2023, 12000 MW by 2030 and 25000 MW by the year 2040.

Once again my heartiest congratulations to entire SJVN family.
